🎯 CAREER OBJECTIVE

Motivated and enthusiastic Computer Science graduate seeking an entry-level Full Stack Developer role. Eager to apply my knowledge of React.js, Java, and databases to build real-world applications and continuously improve my development skills.

💻 TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React.js
Backend (Basic): Node.js, Express.js
Database: MongoDB, MySQL, SQL(Oracle)
Programming: Java (Core)
Tools: Git, GitHub, VS Code

🚀 PROJECTS

1️⃣ SearchKaro – Directory Web Application

🔗 Live: https://searchkaro-app-three.vercel.app
🔗 GitHub: https://github.com/riz-haidry/searchkaro-app

- Developed a full-stack directory application using React.js, Node.js, and MongoDB
- Implemented user authentication using JWT
- Created search functionality based on category and location
- Built REST APIs using Express.js
- Deployed frontend on Vercel and backend on Render

2️⃣ Personal Portfolio Website

🔗 Live: https://my-portfolio-dusky-chi-63.vercel.app
🔗 GitHub: https://github.com/riz-haidry/my-portfolio

- Designed and developed a responsive personal portfolio using React.js
- Added dark/light theme toggle
- Showcased projects and skills

3 Lafz e Kasak – Urdu Poetry Website

- Built a poetry website using HTML, CSS, and React.js
- Implemented UI with dark/light theme
- Embedded Instagram content

EDUCATION

B.Sc (Computer Science)
S K Porwal College, Kamptee (2024) – 62%
12th (HSC) – 58%
10th (SSC) – 80.80%

CERTIFICATIONS

- Web Development – S R Academy
- Java Development – Q Spider, Pune

STRENGTHS

- Strong interest in web development
- Quick learner and adaptable
- Good problem-solving skills
- Basic understanding of full-stack development
